

Even Banks Celebrate the HOLIDAY!

Be Prepared for a
July Payment Delay

Getting Your First Benefit Payment this July?

BE PREPARED FOR A PAYMENT DELAY

Initial benefit payments are sent to your bank electronically on the second business day of the month and are typically available in your account within three business days.

Since the banks observe the July 4th holiday, be prepared to receive your July benefit payment a few days later than usual. Future months' payments will be available in your bank account on the first business day of each month.

If you haven't elected to begin benefits yet, log into benefitsaccess.org today!

All Payments Are Made by Direct Deposit

Elect it or change your bank information online in Benefits Access (benefitsaccess.org) or download a *Direct Deposit* form from

wespath.org/assets/1/7/3016.pdf

Complete it and send it to Wespath Benefits and Investments.
