

## Resources for Wespath Benefit Plan Participants Affected by Natural Disasters

*To those enduring the aftermath of natural disasters, we at Wespath want to express our deepest concerns. Please know that we hold you in our thoughts and prayers. The devastation brought by natural disasters is immense and the road to recovery can be daunting. We are here to support you with resources designed to help alleviate some of the burdens you may be facing.*

### For UMPIP Participants – Option for Financial Hardship Withdrawals

Call Wespath's Customer Service: 1-800-851-2201

The United Methodist Personal Investment Plan (UMPIP) permits hardship withdrawals to cover expenses incurred (including loss of income) related to any natural disaster declared by the Federal Emergency Management Agency (FEMA), provided that your principal residence or principal place of employment at the time of the disaster was in the area designated by FEMA.

Eligible hardship withdrawals ("distributions") from your UMPIP account, which may be made from your UMPIP Before-Tax Contributions and/or Roth Contributions (excluding earnings), are not subject to the 10% penalty tax on early distributions (i.e., those before attaining age 59-1/2). The income taxes due on such withdrawals may also be spread over a three-year period.

- **Download the Hardship Withdrawal Application:** <https://www.wespath.org/assets/1/7/3260.pdf>
- More information on applying for such a hardship withdrawal can be found on page 25 of the **Summary Plan Description for UMPIP:** <https://www.wespath.org/assets/1/7/3502.pdf>
- Also, see this link from the IRS for **information on the taxation of qualified disaster distributions:** <https://www.irs.gov/instructions/i8915f>

Additionally, some participants can request a loan or in-service withdrawal (including earnings on the personal contributions) from their Wespath-managed accounts online; log into [benefitsaccess.org](https://benefitsaccess.org). **Benefits Access is available 24/7/365.** The In-Service Withdrawal Application is available at: <https://www.wespath.org/assets/1/7/3278.pdf>
